## **DETAILED ACTION**

## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Change Title To: --A Liquid Crystal Display Device With Dummy Segment Electrodes and Dummy Common Electrodes--

## Allowable Subject Matter

- 1. Claims 10 and 30-33 allowed.
- 2. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fails to teach or disclose in light of the specifications, a liquid crystal display device comprising a dummy segment electrode; a dummy common electrode, the dummy segment electrode is disposed outside the segment electrodes, and the dummy common electrode is disposed outside the common electrode; wherein the dummy segment electrode receives a dummy segment signal signal waveform so that an effective voltage value between the dummy segment signal waveform and any waveform of the driving common signal waveform and any waveform of the driving common electrode receives a dummy common signal waveform so that an effective voltage applied across the liquid crystal layer, and the dummy common electrode receives a dummy common signal waveform so that an effective voltage value between the dummy common signal waveform and any waveform of the driving segment signals exceeds the selection voltage

Art Unit: 2871

applied across the liquid crystal layer, whereby dots formed by the dummy segment electrode and the common electrodes and dots formed by the dummy common electrode and the segment electrodes are places in a normally ON state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard H. Kim whose telephone number is (571)272-2294. The examiner can normally be reached on 9:00-6:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Nelms can be reached on (571)272-1787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
